Maximum residue levels for methomyl

Published by AGRINFO on 05 Mar 2023; Revised 02 Oct 2023

Commission Regulation (EU) 2023/1783

What is changing and why?

Changes to the maximum residue levels (MRLs) for methomyl are set out in Table 1.

Actions

For all products in Table 1, it is recommended that suppliers review their current use of methomyl and look for alternative solutions.

Timeline

The new MRLs will apply from **8 April 2024**.

For more information see the full record on the AGRINFO website – where you can also view the latest AGRINFO Update newsletters and search the database.
