Consultation on the Single-Use Plastics Directive

Published by AGRINFO on 02 Jan 2026

Single-use plastics and fishing gear measures – evaluation

The SUPD evaluation

Since July 2021, operators placing packaged food or beverages on the European Union (EU) market have had to comply with the objectives of the Single-Use Plastics Directive (a later date has applied for some requirements).

The European Commission has been collecting feedback from operators as part of a review of how the Single-Use Plastics Directive is working in practice. The Commission is also looking at whether some rules should be simplified to reduce administrative tasks and costs for companies.

Actions

Operators within and outside the EU were invited to provide feedback via the European Commission's Have Your Say webpage until 17 March 2026.

Timeline

The Commission is expected to publish the report by July 2027.
