

Maximum residue levels for mandipropamid

Published by AGRINFO on 29 Jun 2023; Revised 11 Mar 2026

[Draft](#) Commission Regulation (EU) as regards maximum residue levels for carbofuran, imazalil, mandipropamid, propaquizafop, quizalofop-P-ethyl and quizalofop-P-tefuryl in or on certain products

[Draft](#) Annex II (PLAN/2025/2832)

What is changing and why?

The European Union (EU) is proposing to lower the maximum residue levels (MRLs) for mandipropamid on sweet peppers from 1 mg/kg to 0.7 mg/kg, and on melons from 0.5 mg/kg to 0.4 mg/kg.

The proposed MRLs are aligned with Codex Alimentarius Commission maximum residue limits (CXLs) for mandipropamid on these products. The European Food Safety Authority ([EFSA 2023a](#)) did not identify risks to consumers at the current levels.

This follows MRL increases for mandipropamid on a number of products in 2023 and 2024, as summarised in Table 1.

Actions

To ensure compliance with the new MRLs, suppliers of sweet peppers and melons should review their use of mandipropamid and assess where changes will be needed to existing good agricultural practices (GAPs).

Timeline

The MRLs under discussion for sweet peppers and melons are expected to apply from **mid-2027**.

The MRLs on gherkins, pumpkins, watermelons, and radish leaves have applied since 29 October 2024.

MRL increases for mandipropamid on papayas have applied since February 2024, and MRLs for citrus fruits, kumquats, and animal fats have applied since June 2023.

Tables & Figures

Table 1 Changes to maximum residue levels for mandipropamid				
Food category	Products	Mandipropamid (mg/kg)		New MRL applies from
		Old MRL	New MRL	
Cucurbits	Gherkins	0.01*	0.2	29 October 2024
	Pumpkins, watermelons	0.3	0.4	
Kales	Radish leaves	25	50	
Citrus fruit	Grapefruits	0.01*	0.2	22 June 2023
	Oranges	0.01*	0.4	
	Lemons, limes, mandarins	0.01*	0.5	
Miscellaneous fruits	Kumquats	0.01*	0.5	
	Papayas	0.01*	0.8	12 February 2024
Animal products	Fat from swine, cattle, sheep, goats, horses, other farmed animals	0.01*	0.02	22 June 2023

* Limit of determination.
