Novel food: partially defatted rapeseed powder

Published by AGRINFO on 22 Apr 2025

Implementing Regulation (EU) 2025/682 as regards the specifications of the novel food partially defatted rapeseed powder from Brassica rapa L. and Brassica napus L.

What is changing and why?

The European Union (EU) has changed the specifications for partially defatted rapeseed powder from *Brassica rapa* and *Brassica napus*. Widening the characteristics of this novel food allows for the use of *B. rapa* and *B. napus* from both winter and spring rape harvests, increasing the supply of raw materials and potential production of the powder.

Timeline

The revised specifications apply from **29 April 2025**.
