

Rejection of a health claim for monacolin K in red yeast rice

Published by AGRINFO on 15 Nov 2023

Regulation

[Draft](#) Commission Regulation refusing to authorise a health claim made on foods, other than those referring to the reduction of disease risk and to children's development and health

[Annex](#)

What is changing and why?

The EU proposes to reject a health claim for monacolin K from red yeast rice, for the maintenance of normal blood low-density lipoprotein (LDL)-cholesterol.

Actions

Comments or concerns about potential impacts can be submitted via the [National TBT notification authority](#) of the country concerned to the EU TBT Enquiry Point [grow-eu-tbt@ec.europa.eu] until 26 December 2023.

Timeline

Expected date of adoption: second quarter of 2024.

Expected date of entry into force: approximately 1 month after adoption.
