European Commission: Monthly reports on EU Agri-Food Fraud suspicions

What is changing and why?

The European Commission publishes monthly overviews of non-compliance with EU food law and potentially fraudulent practices affecting food placed on the EU market . The February 2024 report includes notifications for Afghanistan, Bangladesh, Brazil, Burundi, China, Cambodia, Cameroon, Ecuador, Egypt, Ethiopia, Ghana, India, Indonesia, Iran, Jordan, Kenya, Laos, Mexico, Montenegro, Morocco, Nepal, Nigeria, North Macedonia, Pakistan, Peru, Philippines, Senegal, Serbia, South Africa, Sri Lanka, Thailand, Tunisia, Türkiye, Uganda, Ukraine, Vietnam.

Actions

Competent authorities in countries that are included in these monthly overviews should pay attention to any non-compliances identified in the reports. It is particularly important that the producer-export companies concerned are informed as soon as possible so that they can take action and prevent a recurrence. These incidents also potentially indicate a more widespread problem that may require a coordinated response by the food sector in the country concerned.

Timeline

These reports are issued every month.
