Albania, Bangladesh, Brazil, China, Georgia, India, Indonesia, Iran, Moldova, Morocco, Nigeria, Republic of North Macedonia, South Africa, Sri Lanka, Syria, Thailand, Türkiye, Ukraine, Vietnam.

Timeline

These reports are issued every month.

Recommended Actions

Competent authorities in countries that are included in these monthly overviews should pay attention to any non-compliances identified in the reports. It is particularly important that the producers/export companies concerned are informed as soon as possible so that they can take action and prevent a recurrence. These incidents also potentially indicate a more widespread problem that may require a coordinated response by the food sector in the country concerned.

Background

These monthly reports compile information notified to the EU's Rapid Alert System for Food and Feed Network ([RASFF](#)), Administrative Assistance and Cooperation Network ([AAC](#)), and Agri-Food Fraud Network ([FFN](#)). The reports also include non-compliances with EU rules that do not present a risk, but have triggered investigations by the competent authorities of individual importing EU Member States.
