

Ukrainian tariff rate quotas

Published by AGRINFO on 02 Sep 2024; Revised 09 Jul 2025

Commission Implementing Regulation (EU) [2025/1132](#) amending Implementing Regulations (EU) 2020/761 and (EU) 2020/1988 as regards tariff rate quotas for products originating in Ukraine in 2025

What is changing and why?

In 2022, in response to Russia's aggression against Ukraine and to support the Ukrainian economy, the European Union (EU) granted Ukraine full trade liberalisation – zero duties and zero quota limitations – on all goods for a temporary period.

This liberalisation came to an end on 5 June 2025 and the tariff rate quotas established under the EU–Ukraine Association Agreement were reintroduced. This new Regulation sets the quantities of these tariff rate quotas (7/12 of the full quota) that will be available for the remainder of 2025.

Timeline

The quotas in this Regulation apply from **6 June 2025** to 31 December 2025.
